DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submissions filed on October 22, 2003 and September 11, 2003 have been entered.

Applicants amendments filed September 11, 2003 have been considered, and are found persuasive to withdraw the outstanding rejections under 35 USC 112 and 102.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "a degenerative disease associated with head injury" in claim 7 is a relative term which renders the claim indefinite. The term "a degenerative disease associated with head injury" is not defined by the claim, the specification does not

provide a standard for ascertaining the requisite association, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. It is unclear what degenerative disease would be considered "associated" with head injury.
